Senses Human Rights Workshop

The Senses Foundation's Usher Syndrome Support Group is hosting a Human Rights and Discrimination Workshop at the Foundation headquarters at 11 Kitchener Ave Burswood, between 9.30am and 1.30pm on April 12, presented by the Equal Opportunities Commission.

Usher Syndrome is an inherited disorder that results in serious hearing and vision loss. The support group is backed by the Senses Foundation (formerly the Royal WA Institute for the Blind), which is the primary advocate in WA for people who are deafblind or blind with an additional disability.

Senses social worker, Karen Wickham, says the workshop is designed to include information about the rights of people who have a disability in the areas of employment, education, community access and the provision of goods and services.

Group members, friends, family and carers are welcome to attend.

For more information or to register to attend, please call Karen Wickham on 9473 5462 or email karen.wickham@senses.asn.au
